

**REACCREDITATION FOR
SAINT AGNES CATHOLIC SCHOOL**
Excerpt from 2007 Reaccreditation Summary

From the moment of our arrival the Visiting Team recognized the warm, caring, environment within the community of St. Agnes School. Everyone we encountered was friendly, inviting, and cooperative. It is evident that the mission of spreading the Gospel and sharing the love of Christ permeates all aspects of the community.

The Pastor is instrumental in shepherding his flock. His strong presence reflects his commitment to the school. His financial support is vital to the success and future of the school. The priests' involvement enhances the formation of the students and staff alike.

The Principal is a visible role model who empowers the faculty, staff, and students to strive to reach their full potential. She has assembled a staff of professionals who are dedicated to meeting the spiritual, intellectual, physical, and emotional needs of the school community.

The Faculty puts enormous energy and excitement into their instruction. The work we observed demonstrates a variety of teaching strategies and techniques. We saw engaged students participating actively in learning. We witnessed respect for each other and the young people you nurture.

The Students are engaged, respectful, excited, and happy to be a part of this community. We were impressed by the positive interaction of the students across the grade levels as witnessed during the Eucharistic Celebration.

The support staff is an integral and valuable resource in striving to meet the goals of a Christ-centered environment. They add to the formation of well-rounded students.

Parents and community members demonstrate commitment to the success and livelihood of the students through their generosity and devotion to the school.

In gratitude and appreciation the Visiting Team wishes to congratulate you on your accomplishments and offer prayers for your continued success.
